## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

| Title           | Code of State Regulations | Division                | Chapter                      | Rule                           |
|-----------------|---------------------------|-------------------------|------------------------------|--------------------------------|
| 1<br>Department | CSR                       | 10-<br>Agency, Division | 1.<br>General area regulated | 010<br>Specific area regulated |

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

**R**ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

**R**ules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

**A**ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

*The secretary of state needs this emergency rule to ensure that family trust companies are created in accordance with the appropriate rules and regulations. This emergency rule clarifies definitions used in the administration of the act and in the corresponding rules, forms, and orders made, which will allow the secretary of state to ensure compliance with sections 362.1010 to 362.1115, RSMo.*

*The secretary of state finds there is a compelling governmental interest, which requires this emergency action. A proposed rule, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The secretary of state believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed August 15, 2017, becomes effective August 28, 2017, and expires February 22, 2018.*

**Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES**  
**Division 30—Division of Regulation and Licensure**  
**Chapter 40—Comprehensive Emergency Medical Services Systems Regulations**

**EMERGENCY AMENDMENT**

**19 CSR 30-40.720 Stroke Center Designation Application and Review.** The department is amending sections (1), (2), and (3) and renumbering throughout; adding a new section (3); and adding the form included after the rule.

**PURPOSE:** This amendment adds an option and establishes requirements for hospitals which are certified as stroke centers by the Joint Commission, DNV-GL Healthcare or Healthcare Facilities Accreditation Program to become designated as level I, II, or III stroke centers without being reviewed by DHSS (the department). This amendment also adds an application for these hospitals which are certified as stroke centers by the Joint Commission, DNV-GL Healthcare or Healthcare Facilities Accreditation Program to complete in order to become designated as level I, II, or III stroke centers by the department. This amendment also adds focus reviews to be conducted after an initial review.

**EMERGENCY STATEMENT:** Stroke is the fourth leading cause of death in Missouri. Prompt treatment for acute ischemic stroke reduces disability and improves outcomes. Stroke is a sudden brain dysfunction due to a disturbance in brain circulation. The resulting impairments may include paralysis, slurred speech, and vision loss. Getting patients to the stroke centers as quickly as possible is important to provide stroke patients with medically appropriate care in order to restore blood flow in the brain. There is more damage done to the brain the longer it takes to restore blood flow in the brain. The department began designating hospitals in Missouri as stroke centers in October of 2013. These stroke centers provide a timely and medically appropriate focused approach to stroke care that provides patients with better stroke outcomes. During the 2016 legislative session, section 190.241, RSMo, was amended to add an option for hospitals to become designated as stroke centers by the department if the hospitals are certified as stroke centers by the Joint Commission and by other certifying bodies designated by the department. The department has been working with key stakeholders to identify other stroke certifying bodies that hospitals could be certified with in order to receive a designation from the department without being reviewed by the department. The department has approved DNV-GL Healthcare and Healthcare Facilities Accreditation Program as certifying bodies in addition to the Joint Commission whose review is comparable to that conducted by the department. Hospitals were originally designated by the department as stroke centers beginning in October of 2013 by the department. Renewal of these designations will begin in October of 2017 because the designations last for a period of four (4) years. There are currently four (4) hospitals that are designated by the department as stroke centers which also have a certification with the Joint Commission as Comprehensive stroke centers. There are also twenty-four (24) hospitals that are designated by the department as stroke centers by the department which also have a certification with the Joint Commission as Primary stroke centers. Having this rule in effect prior to October 2017, will decrease the expense and staff time and involvement for the department and the hospitals in preparing for reviews by both the department and the Joint Commission for approximately twenty-eight (28) hospitals in Missouri that are designated by the department and certified by the Joint Commission as stroke centers. There are also hospitals in Missouri that have a Joint Commission certification but are not currently designated by the department as stroke centers. As a result of this rule, these hospitals will not have to go through dual reviews with both the department and the Joint Commission. Also, these hospitals

when designated as stroke centers by the department can begin receiving stroke patients from emergency medical service agencies when the hospitals would not have been able to receive stroke patients prior to the hospital's designation with the department due to transport protocols. Some of these hospitals are located in more rural areas. This means that patients will be able to be transported to closer hospitals within their emergency medical services area and patients will receive treatment in an even quicker manner. As a result, the DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the **Missouri Register**. This emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The DHSS believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed August 7, 2017, becomes effective August 17, 2017, and expires February 22, 2018.

(1) Participation in Missouri's stroke center program is voluntary and no hospital shall be required to participate. No hospital shall hold itself out to the public as a state-designated stroke center unless it is designated as such by the Department of Health and Senior Services (department). Hospitals desiring stroke center designation shall apply to the department either through the option outlined in section (2) or section (3). Only those hospitals found [by review] to be in compliance with the requirements of the rules of this chapter shall be designated by the department as stroke centers.

**(2) Hospitals requesting to be reviewed and designated as a stroke center by the department shall meet the following requirements:**

(A) An application for stroke center designation shall be made upon forms prepared or prescribed by the department and shall contain information the department deems necessary to make a fair determination of eligibility for review and designation in accordance with the rules of this chapter. The stroke center review and designation application form, included herein, is available at the Health Standards and Licensure (HSL) office, or online at the department's website at [www.health.mo.gov](http://www.health.mo.gov), or may be obtained by mailing a written request to the Missouri Department of Health and Senior Services, HSL, PO Box 570, Jefferson City, MO 65102-0570. The application for stroke center designation shall be submitted to the department no less than sixty (60) days and no more than one hundred twenty (120) days prior to the desired date of the initial designation or expiration of the current designation[.]

(B) Both sections A and B of the stroke center review and designation application form, included herein, shall be complete before the department will arrange a date for the review. The department shall notify the hospital/stroke center of any apparent omissions or errors in the completion of the stroke center review and designation application form. When the stroke center review and designation application form is complete, the department shall contact the hospital/stroke center to arrange a date for the review[.]

(C) The hospital/stroke center shall cooperate with the department in arranging for a mutually suitable date for any announced reviews[.]

[D] The hospital/stroke center may request any announced initial and validation reviews by the department be coordinated with the hospital's/stroke center's Joint Commission Stroke Center Survey, if applicable. The department may grant such a request to the extent practical.]

[2]D The different types of site reviews to be conducted on hospitals/stroke centers seeking stroke center designation by the department include:

[A]1. An initial review shall occur on a hospital applying to be initially designated as a stroke center. An initial review shall include interviews with designated hospital staff, a review of the

physical plant and equipment, and a review of records and documents as deemed necessary to assure compliance with the requirements of the rules of this chapter;

*I(B)2.* A validation review shall occur on a designated stroke center applying for renewal of its designation as a stroke center. Validation reviews shall occur no less than every four (4) years. A validation review shall include interviews with designated stroke center staff, a review of the physical plant and equipment, and a review of records and documents as deemed necessary to assure compliance with the requirements of the rules of this chapter; and

*I(C)3.* A focus review shall occur on a designated stroke center in which an initial or validation review was conducted and substantial deficiency(ies) were cited. A review of the physical plant will not be necessary unless a deficiency(ies) was cited in the physical plant in the preceding validation review. The focus review team shall be comprised of a representative from the department and may include a qualified contractor(s) with the required expertise to evaluate corrections in areas where deficiencies were cited./.;

*I(3)J(E)* Stroke center designation shall be valid for a period of four (4) years from the date the stroke center/hospital is designated.

*I(A)1.* Stroke center designation shall be site specific and non-transferable when a stroke center changes location.

*I(B)2.* Once designated as a stroke center, a stroke center may voluntarily surrender the designation at any time without giving cause, by contacting the department in writing. In these cases, the application and review process shall be completed again before the designation may be reinstated./.;

*I(4)J(F)* For the purpose of reviewing previously designated stroke centers and hospitals applying for stroke center designation, the department shall use review teams consisting of qualified contractors. These review teams shall consist of one (1) stroke coordinator or stroke program manager who has experience in stroke care and one (1) emergency medicine physician also experienced in stroke care. **U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbol under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

**Boldface text indicates new matter.**
